Message from the President

Dear Students and brand new Alumni of St. Mike's,

As one year flows into the next, and as the events and celebrations during our high school years intermingle with each other in our memories, the Tower yearbook gives structure to these colourful times that we ourselves have devoted to the history and tradition of St. Michael's College School. At class reunions in the future, when some guys are convinced that Johnny's sneezing attack happened in Grade 10 math, the Tower will serve to confirm their conviction or lend credence to the other guys who are sure that it happened in Grade 11 science, and wasn't it Gianni? Just as we are laying the foundation for our life during our years at St. Mike's, the Tower rises tall and strong on this foundation and draws us together to heights of experience, memory, and unity as St. Michael's Men.

These pages are brimming with highlights of life and laughter, flashes of learning and levity, and the stuff of legend and lore. Let us rejoice in all that is contained here, in all that has made us who we are, and in all that has pointed us to who we are becoming. Let us give thanks to God for the intercession of St. Michael the Archangel whose protection and prayers have entrusted us with this treasure to carry forward and to share with others who play important roles in our lives.

To the Class of 2016, this Tower is the last yearbook in your SMCS collection, until your son(s) begin to bring theirs home. Cherish the memories that are enshrined here. Come back to St. Mike's to tell and retell these stories that will never grow old nor stale. To all returning students, let us resolve to repeat everything that is good in this retrospective commemoration of 2015-16, and let us pledge to outdo ourselves next year in fresh and new triumphs of goodness, discipline, and knowledge.

St. Michael, pray for us!

Fr. Jefferson M. Thompson, CSB '79
President

Message from the Principal

The Tower has a special place in my heart, as it speaks to every individual in our building during the 2015-2016 school year. It captures their time in St. Michael's history and allows the reader to reflect on their individual effort to make a difference.

Our motto, Teach me, goodness, discipline and knowledge is reflected in each page. The photographs of students, the many activities, the joy that is captured in our whole community is witness to a Basilian education.

Thank you to all those who have contributed to the production of this year's edition of The Tower. The staff and students who have captured the special moments, events, championships, scholastic achievement and people will never know how much they enriched the lives represented in the pictures and captions. Memories are special and will be enjoyed by the whole community for years to come.

Congratulations and well done!

The last 6 years at St. Mike's have been nothing short of awesome! We entered St. Mike's as young, immature boys and now we leave as well-educated, mature men ready to commence a new chapter in our lives. I will always remember the AZ-AL, the ofsaa tournaments, the Centro trip, the chirps, soccer at lunch and most of all the laughs with the boys in the caf. A huge shout out goes to Sam the bus driver, for giving us 6 years of wild and crazy rides! A special thanks goes to my inspirational teachers and coaches for their guidance and support. I would like to extend my sincerest gratitude to my selfless, loving parents who sacrificed so much for me to attend this amazing school.

These past four years have truly been something special. I have created a special bond with these boys that could never be broken. I would like to thank my parents for sending me to SMC and making this experience possible, my teachers for their support and guidance along the way, Sammy the bus driver for giving us an experience of a lifetime on the bus, and the boys, for making the past four years of my life that much better. It has been a great ride with these fellas, and I wouldn't have wanted to spend it any other way.

It has been like a trip to oblivion. That has became an ephemeral of my epoch. I learned ethereal through epiphany. So as to escape the defenestration of my cupidity. But enough with this bogus overtone. Wake up sheeple, you can sleep when you are thirty. I value my talk more than my mini Lamborghini, because a deal is either hot or it's not. I cannot describe the impact these past four years have made on my life. It is simply something that needs to be experienced. Although it may seem as if it is coming to an end, the St. Mike's journey doesn't simply stop at graduation. From the long hours spent on the track to the even longer hours spent within the yellow brick walls, the memories and experiences I have here will never be forgotten. Thanks to my mom, teachers, coaches, mentors (Mr. Bergin/Mr. John) and friends for this memorable experience. It's been real St. Mike's!

First and foremost, thank you Mom and Dad for an opportunity that so few are lucky enough to have. The pep rallies, the camps, the homecomings, the OFSAA Runs and the many memories will all be missed. Cheers boys! I couldn't have done it without you.

Six years spent walking through the yellow brick halls has presented me with unique experiences which will be deeply cherished as I depart. From baseball practice in the valley to sitting in class and constantly hearing the notorious SMC question, "does this count for marks?" the memories which have their roots at St. Mike's will accompany me for the rest of my life. In grade seven, I couldn't even find room 235 but now I can safely say that I am prepared to finally walk through the arch and begin life's next chapter. See you on the other side boys.

Mark Paolini

Couldn't have asked for a better group to spend the last six years with. With a steady diet of meats and beans in the future we'll all be satisfied. ""You miss 100% of the shots you don't take" - Wayne Gretzky"

...and I'm not just talking about running off no sleep ...In all seriousness, the experiences I've had in these last four years are ones I've never imagined possible. Now that's it's all done I can only look back with fond memories and a laugh close by. Special thanks to all my teachers, especially the Basilian Fathers and Mr. Pietrkiewicz who have become mentors in my life. As this end and new beginning is unfolding, I am eternally grateful and understand more than ever what it means to be apart of this brotherhood.

There were six (6) who accomplished this, all Grade 7 students: Peter Chuchra, Owen Johnston, Ben Hirasawa, Yafiet Teame, and Ethan Tait. Congratulations to these fine St. Michael's Students.

2008 IT was another fine year for the Blue Bolts, with both our senior and junior teams building competitive robots for this season's challenge- Nothing But Net. This year we also hosted our second Annual qualifying tournament and had the honour of being joined on the field by both Catholic Central and St. Thomas High School. This was the first time that students from the three Basilian high schools had ever participated in the same event, and we were proud to be a part of that historic occasion. Our teams also enjoyed success throughout the competition season, with both teams advancing to provincial championships. A thanks to all of our outgoing members for their ongoing support and dedication over their years of service.

TRIPS

Service Trip - Nicaragua

During the March Break 17 students from St. Michael's College School and 12 students from Holy Name of Mary College School, embarked on an exciting Me to We international volunteer experience to Nicaragua. Every day of the trip was made up of a combination of volunteer work, unique cultural experiences, and interactive leadership skill building sessions. A few highlights of the trip included - San Juan de Oriente pottery workshop (where students had an opportunity to try our hand at making a clay pot), swimming in the Laguna de Apoyo volcanic crater filled with fresh water, visiting a fair trade coffee plantation on top of a volcano and explored Granada one of the oldest cities in Nicaragua. This trip provided our students with first-hand access to global development opportunities and so much more! Moderators: Ms. Gail O'Grady and Mr. Calvin Cahatol

Jr. Football

The Junior Kerry Blues finished a truly amazing season of football within the year. During the regular CISAA season the squad remained undefeated, outscoring their opponents by over 40 points per game. Although in addition to learning the defensive and offensive playbooks, everyone had the opportunity to learn after a Scottish tradition and was treated to four quarters of ice cream. The CISAA championship game was played against Trinity College School 45 - 0, the Kerry Blues marched into the Junior MetroBowl final versus Neil on Hoh School from Burlington. Although Nelson had an excellent team, St. Mike's was victorious by a score of 18 - 0, crowning the Junior Mustangs with a season record of 11-0.

Varsity Football

The 2014 season of the Varsity Kerry Blues football season began with much anticipation. A season to remember was highlighted by a trip to Salina, Michigan to take on the 2014 Michigan State Champions, Detroit Cathedral. During their best game of the season, the Kerry Blues took a 14 - 0 lead midway through the 2nd quarter. The following week saw the Kerry Blues travel to Detroit, Michigan to take on Detroit Bastilian School. Detroit Cathedral Central Most memorable was the trip to Houston, Texas to participate in the 21st annual Basil Bowl versus Willow Bastilian School. St. Thomas in a fantastic demonstration of true brotherhood and a true bowl demonstration of goodness discipline and knowledge. Returning to Canada, the Kerry Blues initiated the first ever rivalry game billed as the Battle of the Blues verses UCC at Varsity Stadium in Toronto. In CISAA action, the Kerry Blues struggled to get a win, but during the final game of the season and on the final play of the game, the Kerry Blues were finally able to come out victorious avenging the previous week's loss at the annual Battle of Blues game versus UCC.

The 2015-16 season was a mixed bag of challenge that saw the St. Micheal's Azzuri struggle through the regular season trying to find its stride. In the semi-finals, the U-14 Azzuri played a spectacular game battling UCC to a tie game at the end of regulation time. Five minutes into extra time, George Vasilikakos found the back of the net with a strike from outside the 18 yard box which was the highlight of the season. This momentum carried forward to the championship game versus Crescent where St. Michael's had a 1-0 lead early in the game and played a strong defensive position through to the final minutes. The Azzuri got an insurance goal to seal the win and defeat Crescent on their home turf. The boys truly came through to beat the odds at each opportunity.

The team battled through many injuries during the regular season making the final against UCC but unfortunately lost by a goal. In late November the team travelled to Texas, a first ever encounter with our brother school St. Thomas, and came away with three wins. The Azzurri showed well by winning all three games! During the spring the team prepared for OFSAA where and went into the June tournament with high hopes. Unfortunately the team fell short but gained some valuable experience for next year. Coaches Zavodny and Romano would like to thank the graduating players for their contribution to the team and wish them the best of luck in the future.

This year's U14 Volleyball team began with an demoralizing loss to rarely seen Bayview Glen who boasted several club players. It is a credit to the boys, that they battled back to win their next four games before losing to UCC. They showed similar character in upsetting UCC in the Semi-Finals before succumbing once again to Bayview Glen. For his athleticism and his spirited perseverance under pressure

After dropping their first game of the season, the Junior Strikers never lost a CISAA match. A potent mix of veterans and rookies ensured that they won their semi-final match against SAC in straight sets. Despite being down 20-13 in the first set of the championship game, the Strikers roared back to win that set and the next two to sweep UCC for the CISAA Gold. Coach Fischer thanks all players for their dedication to excellence of character and wishes graduating players Fobih, Godber, Ghosh, McKenna and Mila all the best with the senior programme.

The Senior Strikers began their season with a win at the Waterloo Classic, a first for the programme. The team then completed an undefeated CISAA league schedule capping it off with a tenth consecutive CISAA league championship victory. Winning the Uxbridge tournament right before OFSAA gave the squad great momentum. A slow start at the provincial championships would have the Strikers face off against the number one seed of the tournament in the quarters. After winning against Oakridge in convincing fashion and advancing to the semis, the Strikers would lose a tough 5 set match to Mississauga Secondary. Displaying strong character the team bounced back to capture the Bronze defeating Regiopolis 3-0. For the first time ever the team graduates three of six starters who will be playing at the university level next year.

The Blue Harriers had a successful season winning most of their invitational meets ahead of hundreds of other Ontario schools. At the CISAA Championships despite a major storm, the team swept all three age division titles. In the last 37 years St. Michael's has won a total of 97 of a possible 111 TDCAA or CISAA age division championships. No other school has won more than three. In the Overall Championship the Blue Harriers won their 37th consecutive league title, a streak going back to 1979 when Mr. Fitzpatrick was two years old. This is most likely the longest league winning streak of any school in Canadian high school history. At the OFSAA Championships the Juniors and Seniors both managed respectable middle of the pack finishes. The Midget team of Ben Foxx, Brandon Raftis, Julian Mirijello, J. D.McClelland, Jacob Bembenek and Allessandro Adorante captured the team gold medal. This was the 21st provincial team title won by the Blue Harriers, the most won by any school in the history of OFSAA Cross Country.

This year, the St. Michael's Blue Sharks did not fail to live up to their reputation as some of the oceans' most feared predators. With some new additions to the team and an overpowering sense of teamwork and spirit, the Sharks managed to stay ahead of last year's times, improving consistently across the squad. Despite the lack of OFSAA qualifications at the senior level, the season was a success in developing the skills of all members of the team, with an extraordinary effort put forth by all during both practices and meets. If the team continues to improve at the rate it has this past season, OFSAA-qualifying times will definitely be a tangible goal this next season.

This year marked another successful season for the Junior Double Blues hockey team. The team had only a few returning veterans and depending on a solid core of new players. After a strong start to the season, the team captured the championship in our own invitational tournament in January with a thrilling 2-1 win over St. Andrew's. While there were a few bumps during the regular season, the team managed to secure a second place finish and took on UCC in the semi-finals. Throughout the season, the team became known as the "comeback kids" due to their tendency to spot their opponents a lead before battling back in the dying seconds of the game. This trend continued in the playoffs as the team found themselves down 5-1 to UCC before pulling out a 6-5 overtime win, and down 3-1 to St. Andrew's in the final before winning 4-3. This marks the 3rd straight CISAA championship for the Double Blues. The team also managed to advance to the Semi-Finals of the All Canadian Junior Classic tournament.

This year the St. Michael's Majors faced a fair share of adversity. The team battled injuries, a short bench, and a grueling schedule playing in both the CISAA and MPHL (Mid-West Prep Hockey League). This however, did not dampen the team's spirit despite the win loss column. The team was able to display great tenacity throughout the season by providing exciting offense having four of its players finish in the top ten in scoring and this combined with great team defense proved to be a great season.

The Varsity Rugby squad started off with an unfortunate initial format of more than 50 St. Mike's students. We entered formal competitive play with a strong team ready to go. The Shamrocks played in three pre-season tournaments and handily beat all seven teams, winning several tournament trophies in the process. Unfortunately, the season was not as successful due to a few injuries and strong opposition within CISAA. While the squad was not strong in the win column, they were a deeply bonded team throughout.

This year's Junior Varsity Blue Gaels team posted an impressive overall season record of 16 wins, 5 losses and 1 tie in league, tournament and international play. The team was composed of predominantly grade 9 student-athletes with only 6 grade 10s to round out the 24 man roster. Season highlights include: outscoring our opponents 161 - 68 throughout the entire season; a triumphant undefeated record in the state of New York, a most impressive victory in the St. Andrew's JV Tournament; and a victorious finish to the season by winning the Aurora JV Showcase Tournament (affectionately referred to as "JV OFSAA" or "JV Nationals," or "JV Worlds" — depending on who you speak to!). Congratulations on an impressive season, gentlemen!

Graduating 11 seniors from last year's OFSAA Gold medal team, the question going into the season was whether St. Michael's would be able to sustain their level of success with an entirely new defensive core. With a solid contingent of returning offensive players, and a new infusion of talent from the JV program, the team looked to challenge themselves with a difficult schedule en route to hopeful success at June's OFSAA Championships.

The squad responded to the challenge, posting a 29-5 record and winning the The Brockport College Invitational, New York The Jammer Classic The Double Blue Invitational, The Ontario All-Catholic Classic. After a disappointing loss in the CISAA final, the boys rebounded at the OFSAA Championships with a strong run through their pool and tourney semi-final. In the Gold Medal game, the team overcame an early deficit, to win the Provincial Championship in overtime

Students representing the Grade 9 and 10 music classes along with a choir from Holy Name Of Mary College School traveled to NY City on a performance tour from April 20-24, 2016.

Highlights included performances at Dennis Morris Catholic High School in St. Cathermes, where SMC Alumni Anthony Cornizzatto ('98) is the Head of the Arts program, Moravia High School in the NY Finger Lakes region and at Elizabeth High School in New Jersey where Mr. Oatt's first trumpet teacher, Wayne Dillon, is the Head of Music.

While in NY City the students enjoyed the sights and sounds of this vibrant city by attending a NY Yankees game, a boat tour of the NY Harbour, a bus tour of Manhattan and took in a Broadway Show "On Your Feet". This particular show happened to have one of our own SMC alumni, John DeSimini, in the pit orchestra.

Before returning home on Sunday, the group attended mass together where the Holy Name of Mary Choir performed a beautiful hymn during communion.

President Fr. Thompson, CSB, Principal Mr. Reeves, Basilian Fathers, teachers, staff, parents, guests and fellow Graduates of 2016. It is an honour to be in front of you today.

There are many different feelings and emotions that we as students have each experienced throughout our time at St. Michaels. When we first entered the halls, we felt some uncertainty or uneasiness. It seemed only yesterday that we were new to the school, trying to figure out where our next class was and looking clueless to the seniors. Now we are the seniors. The infamous video Party Up at SMC showcased what student life was like at St. Mike's. When we first watched the video, we were unsure of the message. Today, as time has passed, we can now relate. We, the Graduates of 2016, can now deliver that message. One could say "we started from the bottom, and now we're here."

The feeling of acceptance and camaraderie was developed through our school events and our shared passion to succeed. Through our years, we have seen OFSAA Champions, great musicals, successful band concerts and many academic achievements. We have been able to work together and motivate each other to be the best we can be. The camp trips, the Pep Rallies, and the sporting events, to name a few, united us in a team effort to push ourselves and help one another. It is through our shared experiences that we have developed strong friendships that will last a lifetime. Experiences that have helped mold us into the people we have become and the values that are engrained in us.

Unfortunately, we have also dealt with the feeling of sorrow when our school suffered the loss of our own, Mr. Narducci. He was well liked and had a gift of making us enjoy math. He will be missed, not only for his passion to teach, but also for his desire to see us all succeed. His spirit will be with us today as we walk under the Arch.

Today, we celebrate our accomplishments, together. We have grown, not only academically, but also spiritually and socially. Getting here has been challenging and at times stressful. Throughout our years, many of us have asked ourselves, why we didn't go to our local public school. As tough as it has been, we have persevered and the feeling of satisfaction is now much greater. We can all agree that we have worked hard, and we should be proud of our achievements. Olympian Aly Raisman once said, "You have to remember that the hard days are what make you stronger. The bad days make you realize what a good day is. If you never had any bad days, you would never have that sense of accomplishment."

Another feeling that is prevalent today is that of thankfulness and gratitude. We cannot go very far without the guidance and support we have received from our teachers and our parents. The teachers of the school have been more than educators. They have been our mentors, they have inspired us and helped us stay on course throughout the years. They have provided us with valuable skills and have compelled us to aim to be better. Thank you for guiding us to be better men. Thank you for instilling in us the beliefs of St. Mike's. Thank you for helping us develop a strong work ethic and most importantly, thank you for putting up with our poor hygiene. To our parents, who work tirelessly to create a life of opportunities for us, thank you for being great role models that steer us in the right direction. Thank you for pushing us hard, for your unconditional support and inspiration. Graduates, let us give a round of applause for our appreciation.

The overriding feeling right now, this very moment for all of us, is that of hopefulness and excitement for the future. We have a long road ahead of us, but let us not forget how far we have come. We are privileged to be given the tools to learn, persevere, network and succeed. This is the moment we celebrate everything we have accomplished together and everything we are to accomplish in the years to come. Thanks to St. Mike's, we are stronger, more confident and ready for the challenges that are before us. Our moral values have been instilled within us and have prepared us for the next phase of our life. No matter what challenges we face, we see the future as a place of opportunity. Let us be happy, but not satisfied. Congratulations Class of 2016. God Bless.

Dear Basilian Fathers, Faculty, Staff, and Students:

On behalf of the entire student government, I would like to express our sincere gratitude for all of the support we received during the 2015-2016 school year. It was an incredible honour to serve and represent the student body, and it is an experience for which we will be forever grateful.

On that note, I would like to thank all of the members of this years student government for their hard work and effort throughout the school year. It was a pleasure and an honour to serve alongside you all. I will remember the many happy times for the rest of my life. I am confident that through all of the ups and downs that come with leadership, we always strived to serve the school with humility and sincere care and effort.

To my fellow graduates, I wish nothing but the best of luck in all of your future endeavours. It has been the most amazing experience getting to know you all, and being able to be even a small part of each one of your personal journeys at St. Mikes. Without a doubt, the greatest part of St. Mikes is the students, and I look forward to seeing where all of you go in the future.

On a personal note, I would like to thank everyone at St. Mikes, for everything they have done for me over the past six years. You have taken me on the most amazing and rewarding journey that I could have ever hoped for. It has been an incredible privilege and an absolutely incredible experience. As I step off for the last time as president, I can not help but be nostalgic of the past and hopeful for the future.

Best of luck to all.

Jonathan Donville

Prayer to Saint Michael the Archangel

Saint Michael the Archangel,
Defend us in battle.

Be our protection against
The wickedness and snares of the devil.

May God rebuke with him, we humbly pray.

And do thou,
O Prince of the heavenly host,
By the power of God, cast into hell
Satan and all evil spirits
Who wander through the world
Seeking the ruin of souls.

Amen.
